PATH STM POLICY AND RECOMMENDATIONS

PATH Ministries welcomes and encourages the efforts and hearts of the dedicated team members who have determined that their time, resources, gifts and skills can be applied to the needs at Otino Waa Children's Village and Uganda. It is an encouragement to everyone to see the projects as a vision and then the finished outcomes benefit those whom it was intended.

In order that your plans and projects are a success, please be aware of the following:

Your team must complete the attached form in order to communicate your plans and intentions. If any changes occur, at any time, the team leader must inform the US PATH office.

Your team must be aware that Bob & Carol are not able to create projects or "fill in" activity while you are at Otino Waa. You must determine how best to use the talents and efforts of your team members at all times.

Your team accommodations in Lira will be modest by US standards. Please be ready to be flexible and adventurous, including the meals at the hotel.

Your team may have an opportunity to dine at one of the staff members home. Please be prepared to be a polite guest, including your choice of food, your attire and your acknowledgment.

Your team will be eating lunch each day with the children and moms at Otino Waa. Please be ready to politely partake of beans and posho (maize based, dough like staple) at the home of your choice, unless you have brought something else. If you are providing your own lunch, please do not partake of that at the home.

PATH Ministries adheres to a dress policy that all team members must follow while at Otino Waa, Illera Church, or in PATH vehicles. The team leader will receive a copy to share with the team.
